Use Your MBC Properly

Just another reminder to fanciers to please use the Micro-Barrier Container properly. Please follow the enclosed instructions carefully as well as adhering to Postal Regulations. Proper use of the container will ensure the safe arrival of your pigeons.

Please be reminded not to punch holes in the container and DO NOT overcrowd birds. Also, the Micro-Barrier container is the ONLY APPROVED CONTAINER to be used when shipping pigeons through the United States Post Office. No other containers should be used.

In addition, please do not reuse the outside box. Reuse of the outside box could lead to the reversal of the postal regulation allowing the shipment of pigeons. Please use a new outside box for every shipment.

This service to fanciers took long hours of hard work as well as many thousands of dollars to develop. Please follow the rules to ensure the continued convenience of shipping pigeons through the mail.
